गरम् गारी

Dear Esteemed Colleagues,

It is with profound pride and boundless enthusiasm that we extend our warmest greetings and introduce the **International Business Startup & Entrepreneurs Association** (IBSEA). We are honored to present our organization as a socio-economic enterprise dedicated to spearheading equitable development by actively engaging and empowering both national and global youth startups.

IBSEA is the embodiment of an inspirational and altruistic journey, wholly committed to the noble vision of **Viksit Bharat@2047**. As a community of **strategic policy stakeholders, startup ecosystem enablers, and subject matter experts**, we stand united in our mission to propel the success of entrepreneurs and startups worldwide, fostering the ethos of Viksit Bharat@2047.

We envision IBSEA as the foremost international association that empowers and champions entrepreneurs and startups globally. Our organization serves as a beacon for empowered, impactful entrepreneurship, driving positive change across the globe. Our focus remains on cultivating a thriving ecosystem where innovation flourishes, businesses prosper, and entrepreneurs gain access to the resources and platforms necessary to influence policy and create sustainable growth.

At IBSEA, we believe in the transformative potential of youth entrepreneurship as a driving force behind the achievement of monumental demographic dividends, particularly in the context of the 17 Sustainable Development Goals (SDGs). Through our initiatives, we seek to harness the energy and creativity of youth to build sustainable communities and societies worldwide.

We invite you to join us on this journey toward a brighter future, where entrepreneurship goes beyond more economic empowerment to become a catalyst for positive global transformation. Together, let us forge a world where innovation thrives, businesses succeed, and communities flourish.

Let us unite to catalyze transformation in India's Tier 2 and Tier 3 cities, empowering them to become hubs of innovation, growth, and opportunity.

Bharat Ke Maharathi Award: Honoring Nation Builders

IBSEA proudly organizes the annual India@2047 Conference and Bharat Ke Maharathi Samman in the heart of the nation — New Delhi.

The International Business Startup & Entrepreneurs Association (IBSEA) proudly hosts the annual India@2047 Conference in the nation's capital, New Delhi — a flagship event dedicated to accelerating India's journey toward becoming a developed nation by 2047.

A central highlight of this prestigious conference is the "Bharat Ke Maharathi Samman," an exclusive national honor that recognizes 50 outstanding individuals each year from across India who are making remarkable contributions to the Viksit Bharat @2047 mission. These trailblazers represent a wide range of sectors — including Agriculture, Education, Technology, Healthcare, Environment, Sustainability (SDGs), and more.

What sets this recognition apart is **its merit-driven**, **fee-free selection process**. A distinguished national jury — comprising experts and thought leaders — meticulously selects honorees solely based on their dedication, impact, and transformative work at the local, regional, or national level. The award is entirely complimentary and serves as a tribute to their vision, perseverance, and service to the nation.

In the past three editions, 150 changemakers have already been honored. As we enter the 4th edition, another 50 extraordinary individuals will be celebrated — each one a symbol of India's promise, progress, and potential.

The award is a tribute to your talent, commitment, and contribution to your district and your country. Our aim is to give these individuals a strong platform, enhance their public recognition, boost their media visibility, and open doors for future collaborations and accolades.

By 2047, when India celebrates 100 years of independence, IBSEA envisions having honored 1,250 Bharat Ke Maharathis (25 per year for 50 years)—leaders who will define the future of a developed India.

Through insightful panel discussions, we ensure the right information about government policies reaches the people. Attendees get the opportunity to ask questions and engage directly with experts.

Highlights include:

Keynote Sessions by government executives, policy makers, and domain experts
